cape town & western cape – still number one destination in africa

Cape Town and the Western Cape has an increasingly excellent reputation as a business events destination.

Barring its obvious tourist appeal – breathtaking scenery, white sandy beaches and rugged mountains, exceptional venues and unforgettable attractions – the region asserts its credentials as one of the most dynamic economies on the African continent and is, therefore, an outstanding business destination.

For conferences, there are many outstanding venues ideal for

meetings, conventions, incentives, trade fairs, and exhibitions. These include city centre locations, as well as hotels, conference centres, lodges, wine farms, and guest houses set in beautiful countryside – often with a mountain backdrop. One of the major benefits of conferencing in Cape Town and the Western Cape is that there are so many ways to fill any spare time delegates may have, or to entertain clients – with plenty of attractions within easy reach.

Cape Town and the Western Cape is still proudly the Number One destination for conferences in Africa according to the International Congress & Convention Association (ICCA) 2014 statistics.

Over the past decade, the Cape Town International Convention Centre (CTICC) has contributed more than R2-billion to the country's Gross Domestic Product and more than R7-billion to the Western Cape's Gross Geographical Product. It is the Centre's goal to add a further R22-billion to the country's coffers over the next five years, and in doing so, realise its vision of being the best long-haul international convention centre by 2020.

WESTERN CAPE: QUICK FACTS

The expansion of the CTICC, which is set to double the Centre's exhibition capacity, is set to further enhance Cape Town's value proposition. The expansion will allow the Centre to stage more events, offer more flexibility, and allow for an increase in the concurrent hosting of meetings, exhibitions and events that combine conferences and exhibitions.

The Centre is continually setting the benchmark in terms of international standards of best practice, and set the bar for sustainability reporting when it became the first convention centre in the world to produce an integrated annual report in 2013, which is

With more than 400 venues in Cape Town and the Western Cape, conference and meeting organisers have a large selection of all types of venues to choose from.

Once in Cape Town, delegates are a stone's throw from South Africa's most visited tourist attraction, the Victoria & Alfred Waterfront, and no more than a few hours drive from all six of the major tourism regions of the Western Cape, namely the West Coast, the Cape Winelands, the Garden Route and Little Karoo, the Central Karoo, the Overberg, and Cape Town itself.

With more than 16 000 rooms within a 45-minute radius of the city centre alone, ranging from five-star hotels to quiet, traditional guest houses, there is certainly no shortage of places to stay. ■

"Inspiring communication"

the cape town international convention centre – flexibility without compromise

Located on Cape Town's northern foreshore, beneath Table Mountain and only a 20-minute drive from Cape Town's International Airport, the Cape Town International Convention Centre (CTICC) provides flexibility without compromise, as well as the most modern amenities and technology as mandatory components.

The centre is built to meet and fulfil the unique and varied needs of its delegates and visitors. Its sub-divisible multi-purpose facilities and dedicated exhibition space creates an environment conducive for a variety of functions to occur simultaneously.

The CTICC offers two raked auditoria seating for 1 500 and 620 delegates, 11 399m² of dedicated exhibition and trade show space, a 2 000m² grand ballroom which can dine up to 1 500 people, one roof terrace function room with spectacular views of the city, as well as 33 break-out rooms varying in capacity from 25 to 330 people each.

The centre has two restaurant facilities, of which one is the CTICC on-site coffee shop – Coffee on the Square, the other is a privately-owned restaurant – Marimba Restaurant. Adding

to this, there are five multi-functional dining areas which are accessible from several venues and exhibition halls. These spacious day restaurants and conservatories are filled with natural light and greenery providing a relaxing setting which is adaptable dependent on your booking requirements for your event, from exhibits and product launches to cocktail events and light lunches.

The CTICC's convenient location provides delegates with easy access to transport terminals and major road networks, and is within walking distance of the city's major hotels, providing more than 3 500 rooms of three- to five-star quality, including the centre's integrated 483-room five-star hotel, The Westin Cape Town Hotel.

CTICC was also the first convention centre in Africa to gain three internationally recognised management system certifications simultaneously, and was the first in the world to align its reporting to the sustainability requirements of the Global Reporting Initiative (GRI).

The centre upholds a Hazard Analysis Critical Control Process (HACCP), Tourism Grading Council 5-star rating and recently achieved Gold AIPC (International Association of Congress Centres) quality standard certifications – all of which guarantee you the highest levels of quality, care, safety, and sustainability.

Other amenities include: Universal Accessibility – certification obtained from the Tourism Grading Council of South Africa, Wi-Fi, Neotel telepresence room, foreign exchange bureau and on-site medical facility.

In 2017 the imminent CTICC expansion will come to fruition, significantly raising the global competitiveness of Cape Town as a premier world-class meetings and events destination, doubling the centre's existing exhibition capacity by adding 10 000m² of multi-purpose exhibition space and 2 000 m² of meeting space.

The CTICC is far more than a venue; it's an exceptional destination where ideas become a reality. Let the CTICC be your next destination and expect to be amazed by the possibilities. ■

cape town ... 'a city of global events'

Cape Town provides the perfect backdrop to any business visit, a thriving centre of trade and industry, set against nature's beautiful heritage of two oceans, pristine white sands, and the iconic Table Mountain.

From winelands to whales, dolphins to ostriches, and beaches to botanical gardens, the Cape offers excellent business facilities combined with a temperate climate, spectacular natural beauty and warm hospitality.

Cape Town is able to meet a variety of business tourism needs as the city has 14 000 rooms ranging from five-star luxury hotels to quaint guest houses. Cape Town has an international convention centre, and is a city of global events hosting a number of diverse events annually.

English is the first language of business, and Cape Town boasts top-notch business services with more than 60 multi-national companies based in the city. In addition to this, Cape Town has a state-of-the-art communications and IT infrastructure. It is an economy on the move, attracting much local and foreign investment tapping into local entrepreneurial talent.

Conde Nast Traveller, recently voted Cape Town as the world's best value for money city for two years in a row, thanks to a favourable exchange rate. Six of the top 10 tourist attractions in South Africa are all within an hour's drive from the city centre.

Cape Town International Airport is a 20-minute drive from the city centre, has an international gateway status, and has been awarded "Africa's Leading Airport" for the last four years.

Cape Town's population of nearly four million people is racially and culturally diverse with African, Malay, Indian, European, and indigenous influences. This rich cultural heritage and habitat is reflected in the history, art, fashion, cuisine, and music of the area, offering the visitor a full calendar of cultural experiences, all year round.

From museums and galleries, which recall and reveal the country's

chequered past, to streets festivals and flea markets, the Cape has something for everyone.

Take a sobering stroll through the Robben Island Museum, dance with the Cape Minstrels down Adderley Street, or enjoy a glass of wine at an uplifting sunset concert in Kirstenbosch's beautiful botanical gardens ... the choice is yours.

Adventure seekers are in for a fun time. Cape Town combines the best challenges that nature's elements have to offer, from mountain heights to seawater adventure. Business delegates wanting to soak in some serenity, or let off some steam after a hard day's work, couldn't wish for a better destination.

In fact, abseil off Table Mountain and you'll conquer the world's highest commercial rappel with a 45m-cliff drop followed by 67m of air!

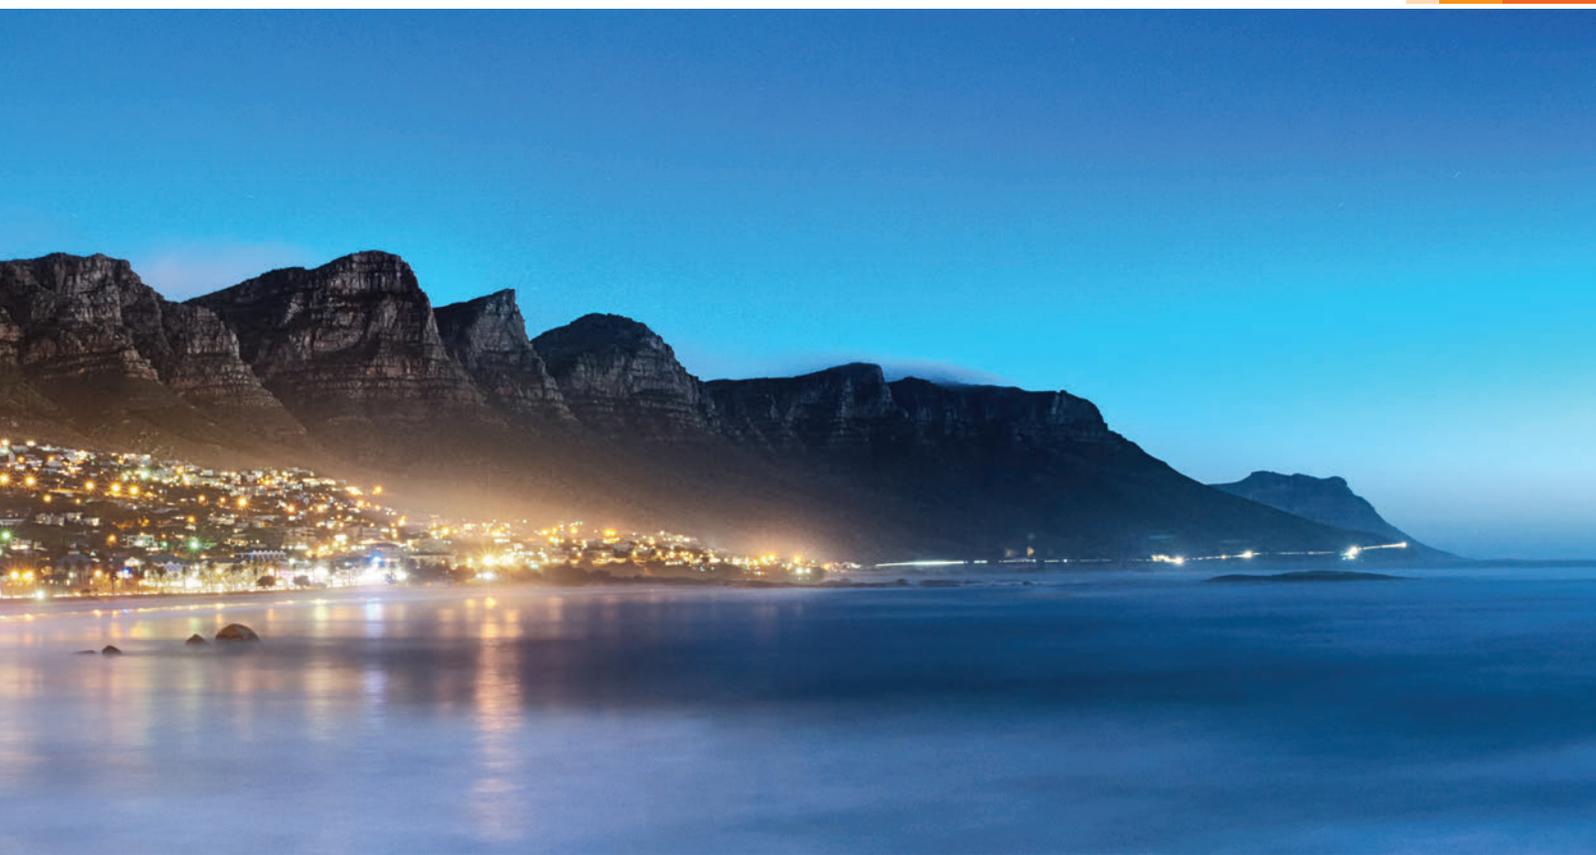

If heights are not your penchant, you could plunge instead, into the depths of the Cape's cool ocean and go scuba diving, sea kayaking or even swim with the sharks, with the protection of a cage, of course!

There are gentler outdoor pursuits that are no less pleasing. For a more sedate experience, pedal past some of the Cape's oldest vineyards and stop in for a wine tasting along the way. Whale watching, riding ostriches, hiking, sailing out to sea ... the choice is yours.

CAPE TOWN CENTRAL

The Cape Town Central area is situated at the foot of Table Mountain and includes the city beaches along the Atlantic seaboard. The Cape Town CBD (Central Business District) is a relatively small area, which allows for easy exploration on foot.

All you need is a good pair of shoes, a map and a general sense of direction. To get to the beaches and surrounding suburbs you will need to use your own transport or public transport. Cape Town City Centre has the Museum Mile, the Company Gardens, Greenmarket Square, St Georges Mall, the Bo-Kaap and much more.

Numerous excellent hotels, loft apartments, trendy restaurants and bars can be found in the heart of the city and along the coast. A legacy of the 2010 FIFA World Cup™ is the Fan Walk from Cape Town Train Station to the iconic Cape Town Stadium. This 2,4 km walk was a rousing success with football fans and has become something of an institution whenever big events are held at the Stadium. Take a trip up Table Mountain; visit the V&A Waterfront, or make use of world-class conference and hotel facilities.

Last, but not least, take a trip to Robben Island, the former prison home of Nelson Mandela. Along with the City Centre and Table Bay Harbour, Cape Town Central includes the beachside suburbs of Bakoven, Bantry Bay, Camps Bay, Clifton, Fresnaye, Green Point, Mouille Point, Sea Point, Three Anchor Bay and further along to Llandudno and Hout Bay.

It also includes the trendy city suburbs of Higgovale, Gardens, Vredehoek, Oranjezicht and Tamboerskloof. Don't miss out on the culture of Woodstock, Observatory and Zonnebloem as well.

CAPE TOWN NORTH

Cape Town North is the area north and north-east of Cape Town Central. It includes the beachside suburbs of Milnerton, Sunset Beach, Bloubergstrand, Table View, Atlantis and Melkbosstrand as well as the residential and wine growing areas of Durbanville, Century City, Pinelands, Goodwood, Parow, Bellville and Langa.

The district benefits from its close proximity to Cape Town International Airport and offers a range of accommodation options. Hotels, guest houses, self-catering units, lodges and bed and breakfast establishments are all on offer. The area has a number of attractions including shopping malls such as Canal Walk, Willowbridge Lifestyle Centre and Tygervalley Centre.

There are also a fantastic collection of wine estates that are well signposted along the Durbanville Wine Route. The area boasts a casino called Grand West Casino with its own range of bars and restaurants.

There are numerous excellent local restaurants, bars, clubs, theatres and entertainment venues.

CAPE TOWN EAST

East of Cape Town's city centre and the Cape Town International Airport, visitors can enjoy scenic coastlines, picturesque vineyards and rural getaways – welcome to Cape Town's most beautiful gem, Cape Town East. The Hottentots Holland Mountain range dominates the area known as the Helderberg and some novel attractions and activities are on offer.

The region includes Khayelitsha, the coastal suburbs of Strand and Gordon's Bay, with its long white stretches of beach and the adjacent suburbs of Macassar, Somerset West, Lwandle and Sir Lowry's Pass. Closer to Cape Town Central is the area known as the Oostenberg which includes the suburbs of Brackenfell, Kraaifontein and Kuils River. This is where Cape Town's urban areas meet the rural gateway to the Cape Winelands.

The east metropole region also boasts one of the richest eco-nature offerings with the Helderberg Nature Reserve and the Kogelberg Biosphere. Drive along Clarence Drive to experience what was referred to by Reader's Digest as one of the world's 10 most scenic drives.

CAPE TOWN SOUTH

The area is home to some of Cape Town's best attractions, beaches, restaurants and places to stay.

Some of the favourite attractions include Kirstenbosch National Botanical Gardens, Table Mountain National Park, Cape Point, Boulders Beach penguins, whales from July to November and fantastic beaches and water sports. Shopping enthusiasts will be spoilt for choice. There are numerous shopping centres, including the fashionable Cavendish Square, as well as a great selection of trendy and creative art and craft shops especially in the coastal villages including Muizenberg, Kalk Bay and Kommetjie.

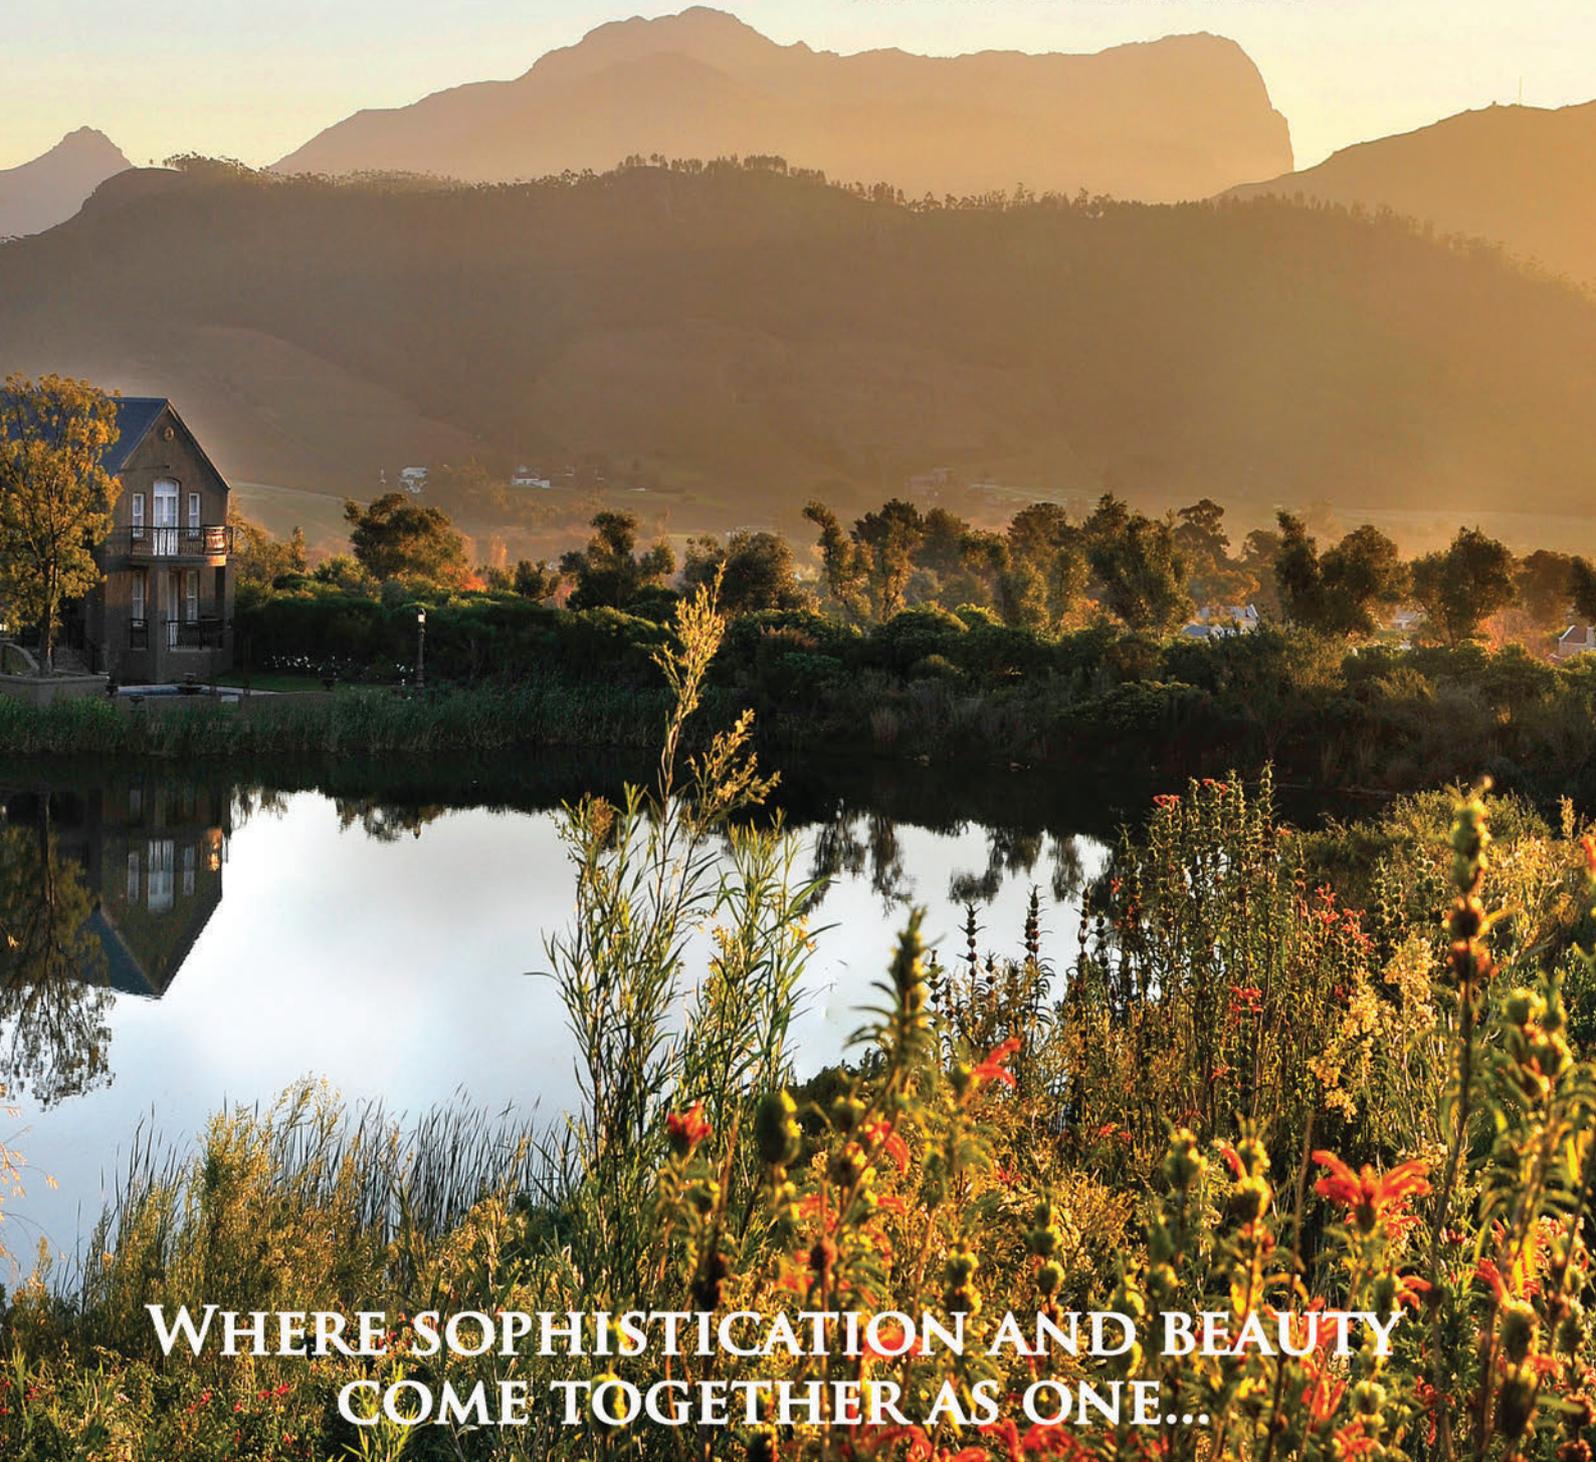

The Constantia Wine Route boasts the oldest wine estate in South Africa, Groot Constantia, and some of the most incredible wines in the country. All wine estates are open to visitors for tastings. Cape Town South is home to two famous sport stadiums, the Newlands Rugby Stadium and the Newlands Cricket Grounds. There are also a host of excellent golf courses. ■

townhouse hotel's conference centre steps out of the events box

Whether it is a workshop, conference, working lunch or corporate function – let the Townhouse Hotel bring your events idea to life. Conveniently situated in the heart of Cape Town's bustling CBD, their multi-use venues are ready to host your event – no matter what the size.

Renowned for its down-to-earth hospitality, the central city hotel boasts 107 luxury rooms, providing guests with a seamless transition from the working day into a welcoming overnight stay. Long a favourite for business guests, the hotel's events centre is spread out over two levels, and equipped with state-of-the-art audio-visual equipment and full high-speed Wi-Fi coverage.

Understanding that delegates and guests need more than simply mints and water, the Townhouse Hotel offers specialist planners and a Michelin-trained chef among their in-house resources – and easy access to a reputable network of industry specialists.

While conferencing food often can leave much to be desired, all meals at the Townhouse Hotel are expertly prepared under the guidance of their

resident Michelin-trained executive chef, Stefan Schmidt. Providing fully customised menus – ranging from working breakfasts to light finger lunches and formal dinners – a roof-top garden supplies many of the herbs used in the kitchen.

Comfortably hosting anywhere from 12 to 160 people, no event is too big or too small. The addition of large doors, which open from Corporation Street straight onto the Mostert Conference Room, means that extra-large events are now facilitated with ease – perfect for car launches, engineering events or when additional infrastructure needs to be offloaded.

Jacqui Williams, general manager of the Townhouse Hotel says: "Our adapted conferencing facilities were christened by the arrival of a Volkswagen Touareg V6 TDI, which marked the end of a 17 000km journey for Rainer Zietlow and his team, from the northernmost tip of Europe at Nordkapp in Norway, to our very own Cape Agulhas. We were thrilled to host this international event, perhaps even more so because we were able to test our ability to stage events that require instant, no-fuss access, particularly critical for car

launches, expos, trade launches and gala events."

While committed to providing an exceptional conferencing experience for delegates, the Townhouse Hotel also strives to incorporate eco-friendly and socially responsible initiatives into its operational practices.

Having partnered with the Trees4Schools programme in a bid to lower its impact on the environment, the hotel donates R2 on behalf of each delegate at its events centre to Trees4Schools, which plants trees and vegetable gardens at schools in underprivileged areas in Cape Town.

On-site, the hotel has installed energy-saving LED light bulbs, which provide an energy saving of up to 50 000kWh per year and a carbon footprint reduction of around 50 tons for the events centre.

"In keeping with global sustainability trends, we made the decision to replace the energy-guzzling and inefficient incandescent light bulbs with these energy-efficient LED bulbs. We are delighted by the result: longer-lasting bulbs, which are kinder to the environment. It's a win-win situation for us," says Ms Williams. ■

good food, good wine, great experiences

Framed by sun-splashed vineyards and rugged mountain peaks, the picture-perfect valleys of the Cape Winelands are famous for their grand old estates, pretty little towns, award-winning restaurants and, of course, their wine. An easy hour's drive from Cape Town, a Cape Winelands journey perfectly complements a stay in one of the world's favourite cities.

Choose from 600 wine estates for a fabulous wine tasting experience or treat your taste buds at one of the many fine country restaurants situated on open wine estates. With most cellars easily accessible from Cape Town, surrounding small, long established and stylish towns like Stellenbosch, home to one of the top four research universities in South Africa, Franschhoek, the undisputed culinary

capital, and Paarl, the third oldest town in South Africa, are a highly convenient outing for local and foreign visitors alike, that can last from a couple of hours to an entire day or longer.

An important part of Cape Town and the Western Cape's business industry since its inception, the Winelands also offers the modern business traveller first-rate conference and meeting facilities.

The Cape Winelands is perfect as a day conference teambuilding or incentive destination. Longer duration events make even more sense considering the variety of accommodation options throughout the region, making it an ideal business events location. From luxurious Cape Dutch designed manor houses and secluded boutique hotels to warm welcomes at guest houses in each of the small towns, the

Winelands has ample quality accommodation.

Day trips and overnight visits are easily arranged, and delegates can even view the vineyards from the sky by taking a hot-air balloon or helicopter ride of their area of choice.

Parts of the Cape Winelands have been recognised for their intangible cultural heritage; from diverse styles of architecture to a four

century-deep tradition of winemaking. This region is also home to the oldest wine route in South Africa, Stellenbosch Wine Route founded in 1971.

What better setting for inspirational ideas and exchanges and what better place to relax after the work is done and the time for unwinding begins? ■

NH THE LORD CHARLES

TO RECEIVE SIGNIFICANT MAKE-OVER

NH Hotel Group South Africa has announced a major revamp of its landmark property, NH The Lord Charles, near Cape Town, South Africa.

NH The Lord Charles Hotel has 198 beautifully appointed guest rooms and houses one of the largest conference venues in the Western Cape. The hotel is perfectly situated amid the breathtaking surroundings of the famous Cape winelands, 20 minutes from the airport and 30 minutes from Cape Town.

Internationally renowned for its conferencing capabilities, NH The Lord Charles Hotels layout has made it a safe and popular venue to host world leaders. “Honoured guests include Nelson Mandela, Thabo Mbeki and Archbishop Emeritus Desmond Tutu, to name but a few.” says Jaco du Plooy, Sales, Marketing and Revenue Manager at NH Hotels South Africa.

NH 5-YEAR PLAN

The extensive refurbishment of NH The Lord Charles Hotel is in line with the five-year strategic plan announced by the international NH Hotel Group in 2014. NH Hotel Group is the third-ranked business hotel chain in Europe, operating close to 400 hotels in 27 countries across Europe, the Americas and Africa.

According to Jaco du Plooy, a key aspect of the NH five-year plan is the investment of €200M to restructure its hotel portfolio into four distinct brands. The refurbishment of NH The Lord Charles forms part of this brand repositioning programme.

COMPREHENSIVE REMODELLING

The refurbishment project, which will unfold in phases, will focus largely on the lobby area and conference centre of the hotel, but will also include upgrades to a 100 guest rooms. These include new, super comfortable, beds and the installation of state of the art 42-inch smart televisions in all rooms to name but a few. To complement the new look rooms, the en suite bathrooms will also receive a makeover.

The hotel’s fully equipped conference centre will also undergo a number of improvements. The conference centre comprises of 12 meeting rooms that can accommodate small groups as well as larger groups of up to 600 delegates. The conference centre has a spacious pre-assembly area, as well as a courtyard for tea breaks, lunches and cocktails.

The Grand Ballroom makes the ideal venue for tailor-made formal dinners and glamorous weddings.

“We are greatly looking forward to the end result of all this work. We have planned the renovations in such a way, as to ensure that the impact on our valued guests will be kept to an absolute minimum during the renovation period. We are confident that these upgrades will greatly enhance their stay at our hotel,” said Serge Foulon, Managing Director of NH South Africa.

The full refurbishment is scheduled for completion by the end of August 2015.

turquoise waters surrounded by wheat fields and wild flowers

The Cape West Coast has all the good looks. It lays claim to a variety of unique experiences, but the annual wild flower display takes top honours.

Between mid-August and mid-September the entire region bursts into a kaleidoscope of colour as the flowers carpeting the landscape bloom – the kind of view you wish your camera could capture adequately.

Life here is all about community and there's a sense that everything works together. The people will take you in, share their stories with you and leave you wishing you had more time to hear about their interesting lives.

!Khwa ttu celebrates San culture, the Mission Stations in Elandsloof, Goedverwacht and Wupperthal celebrate the old way of life, and you'll discover fishermen in the villages who have secrets about the sea, who apply

the wisdom that they've gathered from their fathers, who got it from their fathers. And so the ancient and mysterious traditions are passed down and worked into the everyday.

Walk on the wild side and discover the culture and history in the West Coast National Park, see fossils of bears, sabre-tooth cats, short-necked giraffes and many other exotic animals that inhabited this area some five million years ago, at the West Coast Fossil Park near Vredenburg.

The turquoise sea is a sight you'll wish you could wake up to every day for the rest of your life.

From an area that is forever linked to the sea, you can expect nothing but the freshest crayfish, bokkoms (dried salted fish) and seafood. You will leave satisfied and yet hungry to visit again. ■

cape karoo brighter starts, pristine landscapes and roads that go on and on and on...

The Cape Karoo region is special. Its windmill-peppered landscapes inspire poetry, the scenes resemble movie sets and it is the ultimate escape from the world of urgent phone calls, emails and Facebook. Discover a place where you get to reconnect with nature, the people and yourself.

What happened here? Why are things the way they are? This desert oasis has a colourful past, one worth discovering and exploring. Khoi and Xam (Bushman); rock art can be viewed in Nelspoort, Beaufort West – the site of the richest engravings or petroglyphs. For those who love history, take a trip to the Anglo Boer War graves and block houses, follow the skirmishes and routes of the battles which range

from north to south of Prince Albert. If you are passionate about the paranormal, take the train to Matjiesfontein and find out who Katie was and why she still walks the halls of this enchanting town, frozen in time.

For a walk on the wild side, visit the Karoo National Park and see the lions. Kgalagadi lions are known for their impressive dark brown manes. And to really get into the fabric of the past, travel back in time along the Smuggler's Route, an old liquor smuggler's trail through the settlements of Vleiland and Rouxpos in Laingsburg.

A region of extremes that inspire thought and creativity without distraction, it is fitting that it is a place of pioneers. ■

brehtaking beauty at the southern tip of africa

A short one-hour drive from Cape Town over the spectacular Sir Lowry's Pass lies the Cape Overberg's magnificent mountain ranges, fynbos (Cape flora), rolling wheat, canola fields, and coastal towns full of delightful stories and secrets. Its coastlines are spectacular, the back-roads wind across the countryside as they do in a country song, and whale watching is as good as it gets.

The adventurous get their kicks in a variety of activities, shark-cage diving in Gansbaai, deep-sea fishing, abseiling and quad-biking. The town of Hermanus (the whale capital) is home to the only whale crier in the world! And it's no surprise that people flock here to catch a glimpse of these enormous, beautiful creatures. Wander down the Hermanus Wine Route to find out why its wines boast so many awards.

Memories and tales from the past come alive in the Cape Overberg's rich collection of mission stations, shipwrecks and old architectural treasures – all existing harmoniously alongside new developments in the towns. Among others are the shipwreck museum in Bredasdorp, as well as the apple museum found in Elgin.

Historic mission station towns like Genadendal (appropriately

meaning Valley of Grace) can also be found in this area. One of the oldest mission printing presses in South Africa can be found in the Old Print Shop. The Water Mill offers bread made from stone-ground flour and baked in open-air ovens, and you'll enjoy the taste of the rooibos drink they serve at reception.

The historical, beautiful town of Swellendam, "Berry Capital of South Africa", surrounded by three nature reserves is a wonderful place for hikers, bikers and bird watchers. You can experience a breathtaking drive through the scenic Tradouw Pass to the village of Barrydale, known for its community of artists and musicians.

Getting down to business, many of the towns offer top-class meeting and conference facilities, and delegates can follow up their business in a variety of fashions, from flirting with lady luck at a casino, or unwinding in iron-rich natural hot springs in Caledon.

Before you leave, make sure you head out to the Cape Agulhas Light House at the southernmost tip of Africa. It's here that the Indian and Atlantic Oceans meet and where you'll meet breathtaking natural beauty. ■
